

留意網路涉毒陷阱

最近有人在網路社群賣「放鬆糖果」，聽說可以紓壓，我有點想買耶！

小心！很多網路販售的東西來源不明，可能是毒品

真的嗎？可是這是朋友介紹的，他們還說可以免費試用

詐騙或毒品常用這種方式引誘人，不要亂加陌生人，也不要亂買

別亂加

熱情好友或好康群組，
可能正在販毒

別輕信

免費試用、紓壓解悶，
恐怕是話術

別嘗試

網路社群或直播購買的食品
來路不明可能是毒品

Beware of online drug-related traps

Recently someone on social media has been selling “relaxation candy.” I heard they help relieve stress and I’m tempted to buy some

You’ve got to be careful! A lot of the things sold online come from unknown sources and could be drugs

Really? But a friend recommended it to me, he even said I could try it for free

Scammers or drug dealers use this approach to lure people in. Don’t randomly add strangers to your social media, and don’t buy things without first thinking it through

Do not add strangers to your social media

overly keen friends or “discount” groups could be involved in selling drugs

Do not be easily persuaded

by claims of “free trials” or “stress relief,” as that could just be sales talk

Do not try

foodstuffs introduced on social media or livestream sales with unclear origins, as they could be drugs

Waspada Terhadap Jebakan Narkoba Online

Belakangan ini ada orang yang menjual “permen pelega” di komunitas internet, kedengarannya dapat menghilangkan stress, saya ingin membelinya!

Hati-hati! Banyak barang yang tidak jelas asalnya yang dijual di internet, bisa jadi ini adalah narkoba

Yang benar? Tapi ini dikenalkan teman, mereka mengatakan juga bisa coba gratis

Modus penipuan atau produk narkoba sering menggunakan cara ini untuk menarik orang, jangan sembarangan menambah pertemanan dengan orang tidak dikenal dan juga tidak sembarangan beli

Jangan sembarang
menambah pertemanan

Teman baik yang antusias atau grup dengan embel-embel menguntungkan, mungkin malah menjual narkoba

Jangan
mudah percaya

Metoda bisa mencoba secara gratis, dapat meredakan stress dan menghilangkan rasa bosan, mungkin ini hanyalah retorika

Jangan sembarangan
mencoba

Produk makanan yang tidak jelas asalnya yang dijual di grup internet atau live shopping, juga mungkin adalah narkoba

Cẩn thận với bấy ma túy trên mạng

Gần đây có người bán “kẹo thư giãn” trên mạng xã hội, nghe nói giúp giảm căng thẳng, mình cũng muốn mua.

Hãy cẩn thận! Nhiều thứ bán trên mạng không rõ nguồn gốc, có thể là ma túy.

Thật vậy sao? Nhưng đây là bạn bè giới thiệu, họ còn nói có thể dùng thử miễn phí.

Những kẻ lừa đảo hoặc buôn bán ma túy thường dùng cách này để dụ dỗ, đừng tùy tiện kết bạn với người lạ, cũng đừng mua bừa.

Đừng tùy tiện kết bạn

Bạn bè nhiệt tình hoặc các nhóm ưu đãi hấp dẫn có thể đang buôn bán ma túy.

Đừng dễ tin

Dùng thử miễn phí, giảm stress có thể chỉ là chiêu trò bán hàng.

Đừng thử

Thực phẩm mua qua mạng xã hội hoặc livestream không rõ nguồn gốc có thể là ma túy.

ระวังกับดัก ยาเสพติดบนโลกออนไลน์

ช่วงนี้มีคนขาย “ลูกอมคลายเครียด” ในโซเชียล
ได้ยีนว่า ช่วยลดความเครียดได้ ฉันก็เลยอยากซื้อบ้าง

ระวังนะ! ของที่ขายในอินเทอร์เน็ตหลายอย่างไม่รู้แหล่ง
ที่มา อาจเป็นยาเสพติดก็ได้

จริงเหรอ? แต่เพื่อนแนะนำมา เขายังบอกว่ามีให้ลองฟรีด้วย
